OUR VISION

Healthy waterways, Reef and a thriving Dry Tropics community

OUR STRATEGIC OUTCOMES FOR 2024-2025

OUR PRIORITY

DMES FOR 2024-2025 The Partnership is sustained by a strong and stable funding base, leadership, and partners who are committed to influencing positive change in the region.

OUTCOME 1

1.1 The Partnership's reports and activities, including networking events, reflect individual needs and motivations of the members.

ENDURING PARTNERSHIP

- 1.2 The communication, marketing and capacity building strategy of the Partnership aligns with agreed priorities and values of the members.
- 1.3 Maintain strong collaboration with other Great Barrier Reef Regional Report Card Partnerships to share learnings and collaborate on projects.
- 1.4 Conduct an annual organisational risk assessment and review professional development plans for all Partnership staff.
- 1.5 Confirm the spatial scope of the Report Card to ensure it reflects the needs of the Dry Tropics community and key stakeholders.

OUTCOME 2 ROBUST REPORT CARD

The Dry Tropics Report Card is part of a rigorous integrated monitoring and evaluation framework that informs the management of the region's waterways and ecosystems.

- 2.1 The Dry Tropics Report Card is produced annually and incorporates data that is available and of importance to Partners.
- 2.2 The Dry Tropics Report Card is embedded within a regionally integrated monitoring and assessment framework for freshwater, estuarine, and marine waters.
- 2.3 Data automation and visualisation is improved to enhance content management and communication.
- 2.4 Priority management actions are identified and included in key regional strategies, such as the regional Water Quality Improvement Plan.

OUTCOME 3

ENGAGED COMMUNITY

The Dry Tropics community actively uses the report card and the Partnership's science and collective knowledge to improve waterway and Reef health.

- 3.1 Ensure that the Dry Tropics Report Card and associated communication products highlight information and initiatives that relate to community concerns and values.
- 3.2 Enhance cross-collaboration between the five Great Barrier Reef regional report card partnerships and other key stakeholders to develop and share consistent key messages on waterway and Reef health issues.
- 3.3 A communication, marketing and capacity building strategy is in place that identifies community priorities and concerns to inform and enhance the Partnership's report card and initiatives.

INDICATORS OF PROGRESS

- Awareness of both the Dry Tropics Partnership and the Regional report cards continues to increase among key stakeholders.
- The stakeholders of the Partnership are increasingly viewing and using the Report Card and associated communication products.

INDICATORS OF PROGRESS

- The Dry Tropics Report Card is regularly reviewed by the Independent Science Panel and uses credible data from well established monitoring programs.
- The Dry Tropics Report Card is used to influence management actions that make a substantial improvement to waterway health.

INDICATORS OF PROGRESS

- Maintain adequate funding so that key products and activities are delivered.
- Partners maintain their membership and actively contribute their time and resources.
- The Partnership continues to grow and involve representatives from each of the key sectors within the region.
